Dear Mr. [REDACTED]

With further reference to your letter of September 13, and the reply signed on October 2 by Colonel Ettenson, we have received the following information from our technical people at Wright-Patterson Air Force Base, Ohio.

Without additional information, it is impossible, at this time, to offer an explanation as to what you saw. If you will complete the attached questionnaire and send it to the address given on the inclosed postage-free envelope, provided for your convenience, the people at Wright-Patterson Air Force Base will be able to perform an investigation and make an evaluation.

It is important for an individual to report his sighting as soon as possible to the nearest Air Force installation, in your case McDill AFB, Tampa, Florida. Each base has a UFO investigator, who is in a much better position to conduct an on-the-spot investigation.

No other unidentified flying object reports for September 10 were received from the State of Florida.

Sincerely,

DAVID L. STILES

DON'T FORGET

For the time I was in the
house and a young man was at
dinner.
I walked around on the grass
thinking of the phenomenon I saw.
All of a sudden I heard a low
whisper, behind me they were
talking about me in the kitchen.
I thought, "What does the
other person know about the whole
affair?" I went to the door and
saw him. He was a young man
looking at me and I felt suddenly
to find out if I was really
known, not only very well
by my family and friends.
The whole thing seemed to be
over in about 10 minutes. (20.1.1927)

Dear [REDACTED]

Vice President Humphrey has asked that I reply to your recent letter regarding the Unidentified Flying Object (UFO) you observed in the vicinity of Zephyrhills, Florida.

Unfortunately, your chances of obtaining an accurate analysis of what you saw would have been much better if you had immediately reported your observation to the UFO Investigating Officer at the nearest Air Force base. However, the responsible officials in Air Force Headquarters have sent a copy of your letter to the UFO technical personnel at Wright-Patterson AFB, Ohio, for their analysis. As soon as this is completed, they will correspond with you further. ✓ NOTE

Your interest in this subject is appreciated. Attached is a copy of the Air Force Project Blue Book report which I thought you would find interesting.

Sincerely,

Signed

B. M. ETTENSON
